SUMMARY

Third-year Computer Science Engineering student at PA College of Engineering, focused on full-stack development and applied AI. Builder of CommitIt (TypeScript) and front-end contributor to Syncura, an AI-automated healthcare ICU model system. Comfortable with HTML, CSS, JavaScript, jQuery, TypeScript, Git and prompt engineering; currently deepening backend and cybersecurity fundamentals.

EDUCATION & CERTIFICATIONS

B.E. Computer Science Engineering — Third year, **In progress**
PA College of Engineering

Class 12 — PCMCS — CGPA **8.0**
IIS Jubail, Saudi Arabia

Class 10 — CGPA **8.2**
IIS Jubail, Saudi Arabia

upGrad — Generative AI — **Completed**
Certification · prompt engineering and generative AI

Cybersecurity Certification — **In progress**
Security fundamentals

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, jQuery, TypeScript, responsive UI
AI & prompting	Prompt engineering, generative AI tools, AI-assisted coding, image generation
Tools	Git, GitHub, Google Forms, HackerRank, GSAP / ScrollTrigger
Learning	Backend development, cybersecurity fundamentals

PROJECTS

CommitIt — BUILDER · GITHUB
Git commit notifier that messages you instead of emailing. Groups commits by author and by what they did; adds chat-style notifications and goal tracking.
`TypeScript · Git · Notifications · github.com/AhadIKK/CommitIt`

Syncura — FRONT-END CONTRIBUTOR · TEAM PROJECT
AI-automated healthcare ICU model system. Contributed the website front end; the repository belongs to the project team.
`Front-end development · AI healthcare · github.com/Fizan-Feroz/SynCura`

Custom-built Drone — BUILDER · HARDWARE
Built a drone from scratch as a hands-on hardware project, moving from components to a complete physical build.
`Hardware integration · Assembly · Testing`

LEADERSHIP & ACTIVITIES

- Lead organizer, **30 Days Coding Challenge** — daily HackerRank problems, Google Form signup and a WhatsApp group for participants.
- Events lead, **IEEE Week 2026** — ran an eight-format programme including Structural Competition, Circuit Surgery, CTF, Debate and Prompt the Image; coordinator of the Counter Strike tournament.
- Registration-form lead, **EmbedThon** — Embed Club, CSE department.
- Facilitator, **2-hour Gen-AI workshop** — hands-on prompting, image generation and coding with AI for beginners.
